

Workflow

User Interface / Availability

•

Secure Login
As a user, I want to know my credentials are safe, secure, and verify that its always myself.

Ease of Use

As a user, I want to be able to handle my transactions with as few clicks as possible.

Clean/No Clutter Design

As a user, I want to be able to go into the app and find exactly what I'm looking for from the homepage.

Posting / Reserving

Post Available Food

As a donator, I want to be able to notify local shelters and community organizations about available food in real time.

Reserve Pickup

As a donatee or representative of donatee, I want the ability to reserve a pickup.

Food Item Preferences

As a donatee, I want the ability to sort available donation types in my area so that I can meet the needs of my community.

Search Posts

As a donatee, I want the ability to search for food pickups available in my area.

Notifications / Pickup Process

Pickup En Route

As a donator, I want to be notified when somebody is on the way to pick up the donation.

Alert for Pickups

As a local shelter/food bank, I want to get real time notifications when food is available for pickup.

Contact Pickup Person

As a donator, I want to be able to chat or call the person who will be picking up my donations.

Donation History

As a donator, I want to be able to see a history of my donations.

Reviews

Review Pickup Person

As a donator, I want to be able to review the quality of the pickup party.

Review of Donations

As a donatee, I want to be able to review the quality of the donation center / business.
